

Exploring Digital Art
Short-Cycle Assessment
Project

Goal: You will create an agenda project for PHS 2014-2015 school year, and then self-assess how well you created examples of the terms below.

Class Ideas for themes or other skills??

Project Requirements:

1. Project is:

2. Text

- Include the words: Princeton High School and the year: 2014-2015
- Should be used with a LAYER STYLE

3. Images

- includes an image of the Viking logo that is not in the center of the agenda
- includes at least one photograph (not a drawing) that is desaturated
- overall project has the same STYLE from ONE FILTER that has been used on ALL LAYERS

4. Shapes

- at least 10 shapes are added to create a PATTERN
- shapes in the PATTERN should either all be ORGANIC or GEOMETRIC
- other shapes are added and WARPED

5. Composition

- BACKGROUND is completely covered with color
- There is MIDDLE GROUND AND FOREGROUND subject matter
- there is an obvious FOCAL POINT

6. Other Photoshop skills

- Opacity has been lightened on some shape/image in your project
- CLIPPING MASK or LAYER MASK has been used
- LIGHTING EFFECT has been used

7. Design Skill(s)

- You carefully chose the color for the focal point of your project to represent an EMOTION

Reflection: Write a paragraph on the back of this paper describing your project using the 14 capitalized terms above. Be sure to describe the theme of your project, how you used color to represent an emotion, how you created your project with specific Photoshop tools, parts of the project you found easy, and issues you struggled with in Photoshop. The paragraph should be at least 5-6 sentences. CIRCLE the 15 terms you have used.
